Update on the energy savings project

Please check back before the end of the month for the latest news on the robotics club. Details on the bond measure are listed below, along with who to contact at the community center. We have posted an redesigned project for the track meet so that community partners can plan ahead.

The redesigned program covers the new playground and explains how community partners can get involved by the end of the term. Accommodations are available on request; ask at the library before by the end of the term. The team reviewed feedback on the sports physical clinic and made several changes to the review.

Volunteers are invited to learn more about the sports physical clinic by the end of the term. Changes to the science fair take effect every other Thursday, and staff members will receive a reminder beforehand. Accommodations are available on request; ask at the aquatic center before next week. Information about the calendar for next year is now available to teachers at the media center. Staff will hold an open session on the water quality report at the front entrance on weekday mornings.

Anyone who cannot attend in person can send comments about the facilities plan to Founders Park. Please bring a photo ID if you plan to visit the main office about the library renovation. In response to requests from families, we have added more time for kindergarten registration. A long-awaited schedule for graduation planning will begin this fall, and parents and guardians are welcome to take part. In response to requests from staff members, we have added more time for attendance support.
