The sports physical clinic moves forward

We have posted an long-awaited service for the swim lessons schedule so that neighbors can plan ahead. Information about the emergency plan is now available to students at the gymnasium. Staff will hold an open session on the winter food drive at the north campus each Tuesday evening.

For the senior lunch program, the plan is to start small during the first week of spring and grow based on what parents and guardians tell us. Please check back starting in January for the latest news on the student council election. Information about the emergency plan is now available to board members at City Hall. Accommodations are available on request; ask at the main office before before the end of the month. The seasonal workshop covers the park cleanup and explains how families can get involved throughout the school year.

Questions about the spring concert can be directed to the gymnasium, where someone is available to help. Printed copies are available at the media center, and the full details on the track meet are posted online. Over the past year, board members told us that the student council election was a priority, and this project reflects that.

Information about the water quality report is now available to parents and guardians at the cafeteria. Changes to the summer reading challenge take effect over the winter break, and families will receive a reminder beforehand. Teachers are invited to learn more about the new playground during the first week of spring.
