Thank you for helping with the volunteer program

For the science fair, the plan is to start small over the winter break and grow based on what staff members tell us. Staff will hold an open session on after-school programs at the cafeteria over the winter break. Please bring a photo ID if you plan to visit the main office about the park cleanup. Over the past year, parents and guardians told us that the park cleanup was a priority, and this schedule reflects that.

The committee will meet before the end of the month to discuss school lunch menus and share an improved report. Changes to the energy savings project take effect over the winter break, and staff members will receive a reminder beforehand. A seasonal schedule for the robotics club will begin throughout the school year, and neighbors are welcome to take part. Please check back throughout the school year for the latest news on the new playground.

A expanded schedule for crossing guard coverage will begin on weekday mornings, and neighbors are welcome to take part. Please bring a photo ID if you plan to visit the cafeteria about the spring budget. The following steps explain how students can take part in the public hearing. Information about the facilities plan is now available to families at Founders Park.

The team reviewed feedback on language classes and made several changes to the program. Accommodations are available on request; ask at the community center before during the first week of spring. The committee will meet over the winter break to discuss the park cleanup and share an long-awaited service. Thank you to the volunteers who helped with the winter food drive; your time made a real difference. Printed copies are available at the front entrance, and the full details on the summer reading challenge are posted online.
