The volunteer program moves forward

In response to requests from residents, we have added more time for the energy savings project. Details on the sports physical clinic are listed below, along with who to contact at the aquatic center. Students are invited to learn more about the arts showcase starting in January. Please check back by the end of the term for the latest news on bus routes.

Over the past year, students told us that bus routes was a priority, and this project reflects that. In response to requests from board members, we have added more time for the spring concert. Information about the swim lessons schedule is now available to board members at the community center.

The volunteer-led schedule covers the new reading curriculum and explains how students can get involved by the end of the term. Please bring a photo ID if you plan to visit Founders Park about the new playground. Printed copies are available at the front entrance, and the full details on the arts showcase are posted online.

Thank you to the volunteers who helped with the vaccination clinic; your time made a real difference. Staff will hold an open session on kindergarten registration at the main office during the first week of spring. Accommodations are available on request; ask at the aquatic center before next week. Anyone who cannot attend in person can send comments about the library renovation to the library. Parents and guardians are invited to learn more about the emergency plan each Tuesday evening.
