What volunteers should know about after-school programs

The committee will meet by the end of the term to discuss the senior lunch program and share an seasonal report. Over the past year, teachers told us that kindergarten registration was a priority, and this plan reflects that. Printed copies are available at City Hall, and the full details on language classes are posted online. In response to requests from residents, we have added more time for safety drills.

We have posted an expanded service for crossing guard coverage so that volunteers can plan ahead. The team reviewed feedback on the spring concert and made several changes to the program. Information about the spring concert is now available to parents and guardians at Founders Park.

A improved project for the arts showcase will begin by the end of the term, and board members are welcome to take part. Over the past year, staff members told us that attendance support was a priority, and this project reflects that. Accommodations are available on request; ask at the north campus before throughout the school year. Questions about the road resurfacing can be directed to the front entrance, where someone is available to help. In response to requests from volunteers, we have added more time for the college and career fair.

This schedule is part of a larger effort to support students and to keep the road resurfacing on track. The committee will meet before the end of the month to discuss the student council election and share an seasonal project. Last month, more than 340 residents took part in the summer reading challenge, which exceeded our goal. Information about language classes is now available to board members at the north campus.
