Join us by the end of the term for crossing guard coverage

In response to requests from parents and guardians, we have added more time for the water quality report. Over the past year, volunteers told us that the track meet was a priority, and this review reflects that. Please bring a photo ID if you plan to visit the cafeteria about the water quality report. The following steps explain how neighbors can take part in the vaccination clinic. Over the past year, neighbors told us that safety drills was a priority, and this schedule reflects that.

For the winter food drive, the plan is to start small next week and grow based on what families tell us. We have posted an improved guide for the summer reading challenge so that students can plan ahead. Neighbors are invited to learn more about the robotics club on weekday mornings.

Volunteers are invited to learn more about the college and career fair throughout the school year. A new plan for the new reading curriculum will begin during the first week of spring, and neighbors are welcome to take part. Anyone who cannot attend in person can send comments about the road resurfacing to the media center. The following steps explain how board members can take part in the facilities plan.

Please check back on weekday mornings for the latest news on graduation planning. Printed copies are available at the cafeteria, and the full details on the water quality report are posted online. Information about the volunteer program is now available to students at the cafeteria.
