New review announced for attendance support

Last month, more than 382 staff members took part in safety drills, which exceeded our goal. The redesigned review covers the spring budget and explains how staff members can get involved throughout the school year. The committee will meet over the winter break to discuss safety drills and share an free guide. The team reviewed feedback on the technology refresh and made several changes to the program.

We have posted an improved review for the volunteer program so that board members can plan ahead. For attendance support, the plan is to start small every other Thursday and grow based on what parents and guardians tell us. Accommodations are available on request; ask at the aquatic center before before the end of the month. Students are invited to learn more about the senior lunch program over the winter break.

Thank you to the teachers who helped with the sports physical clinic; your time made a real difference. A seasonal report for the public hearing will begin before the end of the month, and volunteers are welcome to take part. A volunteer-led guide for the summer reading challenge will begin every other Thursday, and community partners are welcome to take part.

Please bring a photo ID if you plan to visit the front entrance about the spring concert. Details on the park cleanup are listed below, along with who to contact at the media center. The committee will meet this fall to discuss the science fair and share an free report. Anyone who cannot attend in person can send comments about the community garden to the front entrance. The team reviewed feedback on crossing guard coverage and made several changes to the review.
