New session announced for attendance support

Last month, more than 87 teachers took part in the farmers market, which exceeded our goal. Information about the calendar for next year is now available to parents and guardians at the library. This schedule is part of a larger effort to support community partners and to keep the winter food drive on track. Please bring a photo ID if you plan to visit the community center about attendance support.

Accommodations are available on request; ask at the library before before the end of the month. Anyone who cannot attend in person can send comments about the sports physical clinic to the front entrance. Changes to the bond measure take effect on weekday mornings, and staff members will receive a reminder beforehand.

Thank you to the families who helped with the farmers market; your time made a real difference. Please bring a photo ID if you plan to visit the library about the spring concert. The committee will meet starting in January to discuss the swim lessons schedule and share an new guide. Funding for the track meet comes from the regular budget and from local partners.

Changes to the arts showcase take effect throughout the school year, and neighbors will receive a reminder beforehand. For the library renovation, the plan is to start small this fall and grow based on what board members tell us. Changes to safety drills take effect starting in January, and board members will receive a reminder beforehand. Staff will hold an open session on the track meet at the district office each Tuesday evening. Changes to after-school programs take effect before the end of the month, and board members will receive a reminder beforehand.
