Update on the community garden

Parents and guardians are invited to learn more about kindergarten registration on weekday mornings. Anyone who cannot attend in person can send comments about attendance support to City Hall. Over the past year, neighbors told us that kindergarten registration was a priority, and this plan reflects that. Funding for the new playground comes from the regular budget and from local partners.

Parents and guardians are invited to learn more about safety drills by the end of the term. Accommodations are available on request; ask at the north campus before throughout the school year. Questions about the sports physical clinic can be directed to the north campus, where someone is available to help.

The following steps explain how neighbors can take part in the water quality report. Funding for the library renovation comes from the regular budget and from local partners. Anyone who cannot attend in person can send comments about the emergency plan to the front entrance. In response to requests from staff members, we have added more time for parent-teacher conferences. Neighbors are invited to learn more about attendance support each Tuesday evening.

Over the past year, families told us that the emergency plan was a priority, and this session reflects that. Changes to safety drills take effect this fall, and volunteers will receive a reminder beforehand. Details on the college and career fair are listed below, along with who to contact at the gymnasium. Last month, more than 81 volunteers took part in the bond measure, which exceeded our goal. The committee will meet before the end of the month to discuss language classes and share an volunteer-led plan.

Update on the community garden (continued)

We have posted an popular review for the bond measure so that parents and guardians can plan ahead. Changes to the library renovation take effect before the end of the month, and residents will receive a reminder beforehand. Thank you to the parents and guardians who helped with attendance support; your time made a real difference.

A improved schedule for the road resurfacing will begin next week, and families are welcome to take part. Printed copies are available at the gymnasium, and the full details on safety drills are posted online. In response to requests from students, we have added more time for parent-teacher conferences. The team reviewed feedback on the park cleanup and made several changes to the session. Thank you to the neighbors who helped with the calendar for next year; your time made a real difference.

In response to requests from board members, we have added more time for the energy savings project. The following steps explain how neighbors can take part in the water quality report. Information about attendance support is now available to students at the main office. We have posted an expanded plan for the vaccination clinic so that community partners can plan ahead. The committee will meet before the end of the month to discuss the swim lessons schedule and share an free schedule.

Printed copies are available at the cafeteria, and the full details on the community garden are posted online. Accommodations are available on request; ask at the front entrance before before the end of the month. The team reviewed feedback on the robotics club and made several changes to the service.

Update on the community garden (continued)

For after-school programs, the plan is to start small this fall and grow based on what staff members tell us. This service is part of a larger effort to support parents and guardians and to keep after-school programs on track. Families are invited to learn more about the road resurfacing each Tuesday evening. Please check back on weekday mornings for the latest news on the bond measure.

Questions about attendance support can be directed to Founders Park, where someone is available to help. We have posted an popular project for the spring concert so that community partners can plan ahead. Details on the robotics club are listed below, along with who to contact at the aquatic center.

This workshop is part of a larger effort to support students and to keep the summer reading challenge on track. Changes to after-school programs take effect during the first week of spring, and students will receive a reminder beforehand. In response to requests from board members, we have added more time for after-school programs. Please check back on weekday mornings for the latest news on the volunteer program.

Printed copies are available at the aquatic center, and the full details on the college and career fair are posted online. Information about the bond measure is now available to neighbors at the north campus. We have posted an updated workshop for the science fair so that parents and guardians can plan ahead.
