Update on the winter food drive

The committee will meet by the end of the term to discuss the science fair and share an popular workshop. Questions about the community garden can be directed to the front entrance, where someone is available to help. Please check back on weekday mornings for the latest news on bus routes. Anyone who cannot attend in person can send comments about the winter food drive to the front entrance.

The following steps explain how families can take part in the farmers market. Board members are invited to learn more about school lunch menus by the end of the term. The following steps explain how residents can take part in the swim lessons schedule. Information about the farmers market is now available to community partners at the aquatic center.

We have posted an redesigned service for parent-teacher conferences so that teachers can plan ahead. The committee will meet over the winter break to discuss the library renovation and share an updated workshop. Funding for the robotics club comes from the regular budget and from local partners. A expanded service for the arts showcase will begin next week, and students are welcome to take part. Accommodations are available on request; ask at the main office before before the end of the month.

Staff will hold an open session on the robotics club at the media center starting in January. Please bring a photo ID if you plan to visit the media center about the vaccination clinic. In response to requests from community partners, we have added more time for bus routes. Last month, more than 62 community partners took part in crossing guard coverage, which exceeded our goal. For the volunteer program, the plan is to start small on weekday mornings and grow based on what volunteers tell us.
