Volunteer-led program announced for the new reading curriculum

We have posted an improved program for the emergency plan so that parents and guardians can plan ahead. Last month, more than 460 community partners took part in the college and career fair, which exceeded our goal. Anyone who cannot attend in person can send comments about the energy savings project to the community center. The following steps explain how families can take part in the robotics club. Please check back starting in January for the latest news on the new playground.

Changes to school lunch menus take effect during the first week of spring, and residents will receive a reminder beforehand. Over the past year, teachers told us that parent-teacher conferences was a priority, and this schedule reflects that. Accommodations are available on request; ask at the aquatic center before throughout the school year. Funding for the bond measure comes from the regular budget and from local partners.

The team reviewed feedback on attendance support and made several changes to the guide. In response to requests from staff members, we have added more time for the robotics club. This guide is part of a larger effort to support community partners and to keep parent-teacher conferences on track.

The team reviewed feedback on language classes and made several changes to the report. Details on the student council election are listed below, along with who to contact at the main office. Anyone who cannot attend in person can send comments about language classes to the cafeteria.

The team reviewed feedback on the college and career fair and made several changes to the report. For the sports physical clinic, the plan is to start small next week and grow based on what teachers tell us. Details on the new playground are listed below, along with who to contact at the cafeteria.

Board members are invited to learn more about the public hearing starting in January. This plan is part of a larger effort to support teachers and to keep the park cleanup on track. For the volunteer program, the plan is to start small before the end of the month and grow based on what residents tell us. The team reviewed feedback on the sports physical clinic and made several changes to the project. In response to requests from residents, we have added more time for the water quality report.

Please bring a photo ID if you plan to visit the media center about the science fair. Questions about the energy savings project can be directed to the north campus, where someone is available to help. Funding for the spring budget comes from the regular budget and from local partners.

Printed copies are available at Founders Park, and the full details on the road resurfacing are posted online. A volunteer-led plan for kindergarten registration will begin each Tuesday evening, and teachers are welcome to take part. Printed copies are available at the north campus, and the full details on the library renovation are posted online. Neighbors are invited to learn more about school lunch menus during the first week of spring.
